3 July 2025

Dear Jessica,

Thank you for seeking the Tasmanian Greens' response to TASSO's State Election priorities statement.

As the Greens' Education spokesperson, I am pleased to respond on all our MPs and candidates' behalf and indicate our support for progressing all identified priority areas.

Our spokesperson for Children and Young People, Cecily Rosol MP, has already made a public commitment to support the reestablishment of the Committee of inquiry into bullying and discrimination in Tasmanian schools. We agree this is essential.

Attached for TASSO members' interest is a copy of our most recent, fully costed Alternative Budget. As it has done for many years now, our Alternative Budget provides additional investment in specialist allied health professionals in public schools, as well as free public transport statewide. To fund these important measures, we detail budget savings and revenue raising measures.

We look forward to working with TASSO to deliver across all your election priority areas.

Please get back in touch if you have any questions.

Kind regards,

A handwritten signature in blue ink, appearing to read "Cass O'Connor".

Cassy O'Connor MLC

Tasmanian Greens' Member for Hobart

Education spokesperson
